VALUATION IN PRACTICE FOR TRANSACTIONS AND REPORTING

With accounting standards requiring companies to use fair value accounting for financial reporting, preparers, auditors and users of financial statements are required to have a far better understanding of the requirements and implications of fair value accounting.

This valuation programme series will examine and address fair value accounting from a valuation perspective. It will provide participants with an integrated understanding of valuation, with a particular emphasis on the practical issues relating to valuation and the valuation principles which underpin them. Participants will be encouraged to explore and discuss different valuation techniques and how they apply to commonly found illiquid assets. The programme series will also cover regulatory aspects, practical tips, real life examples and interactive sessions.

METHODOLOGY

A highly interactive learning session with trainer/speaker-led facilitation, live Q&As, quick polls/surveys, self-assessment quizzes and participant's feedback on learning outcome achievement.

WHO SHOULD ATTEND

- Company CEOs, COOs and CFOs
- Financial Managers and Analysts
- Company Secretaries
- Company Founders and Key Shareholders
- Entrepreneurs
